

# HML-600

## Magnetic Lock Wiring Instruction

### ● Specification

|                   |                      |             |
|-------------------|----------------------|-------------|
| Body              | 250mmL*47mmW*27mmD   |             |
| Strike plate      | 185mmL*38mmW*12.5mmD |             |
| Holding force     | 270KGS / 600LBS*10KG |             |
| Voltage           | DC12V / DC24V        |             |
| Power consumption | 12V / 480mA          | 24V / 240mA |
